

Guest Coach Policy

The Nepean Hotspurs Soccer Club actively participates and supports the Ontario Soccer Association Volunteer Screening Program and appoints coaches in the Club not only because of their soccer knowledge but also their ability to meet the requirements of the volunteer screening program, particularly an acceptable police check.

In order to remain a coach in good standing with the Club, coaches must work within the guidelines of the Club which we believe adhere to the spirit of the Screening Program.

Policy

The use of "Guest Coaches" is forbidden without the approval of the Club Head Coach. Coaches or teams are not allowed to hire, or engage the services of any individual or company, to work with their teams, without prior approval of the Club Board of Directors.

Coaches must request permission from the Club prior to engaging any person. The person you would like to engage must comply with the "Volunteer Screening Policy" and should be at the same or a higher coaching level than you.

Procedure

Send the name and resume of the individual to the Youth Director and the Head Coach.

The Head Coach and appropriate Youth Director will assess the request and make a recommendation to the Board of Directors.

The Head Coach and Youth Director will advise the coach of their decision.
